GRAND CHAMPION

Channel had an excellent weekend at the Southern New York Dog Show, Inc. at the Saratoga, NY Fairgrounds on August 7, 8, 9! First Channel passed his eye test, then his Canine Good Citizen test and his Therapy Dog test. As if that wasn't good enough, Channel won Best of Breed both Saturday and Sunday for a total of 27 points and his Grand Championship! Way to go, Channel. We are so proud of you! The next level in conformation is Bronze, and you need 100 points. Channel's 27 points he already has, will go towards those 100 points. Donna and Channel are attending the Morris and Essex Kennel Club Dog Show in Somerset, New Jersey on October 1, 2015. Best of luck Channel!

Do you own an AKC registered purebred dog, or are you interested in showing? Come to Handling class and find out! All of our guest Handling instructors have tons of show experience. Many of the dogs who come to class can boast about their successes in the conformation ring! This month, Handling class is on Tuesdays, September 8 and 29, 6:00-7:00 PM. Come give it a try!

D Tails would like to feature some of the dogs who are in our Handling class and have some wins under their belt. We just need to know the official AKC name of your dog, what, when, and where the show was, and what categories they won. We also would love to have a clear picture of you and your pup in the ring, with their ribbons, or just in a stacked position. You must own the photos and give us permission to feature them in our newsletter. Please email information and pictures to mantha465@aol.com, and put "show pup" in the subject line.

It's time to PUPPY UP!

November is right around the corner, and D Tails would love for you to join their team for the fourth annual Puppy Up Walk! Although we had to cancel Doggie Fun Zone this year, all of the fundraising monies raised were still donated to the Catherine Violet Hubbard Animal Sanctuary. A huge thank you to all our supporters! No matter the sum, it will still make a difference in some animal's life! Learn more about this future animal sanctuary here:
