# Toller News

Zaya earned her last points for her AKC Champion status. She now will be going for Grand Champion in the ring. Vice had his first puppy conformation, and Donna felt he showed well.

On June 26, Donna held a reunion of all her litters from Cay, Channel, and Tukka. It was loads of fun to see all the dogs again and they played so hard together, I'm sure everyone had a great night's sleep that night!

Pictures top left to bottom:

Zaya with her ribbons. (AKC certificate has not come yet.)

All the dogs and their people at Donna's Toller reunion.

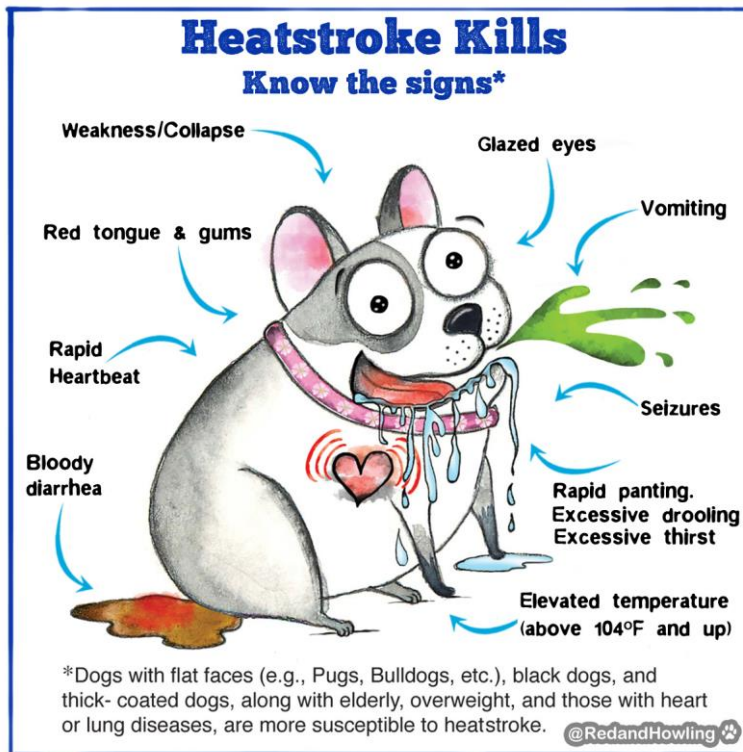

Happy birthday to the Watch Litter on July 25.

The litter that started it all, Cay's Island Litter.
