Wednesdays:

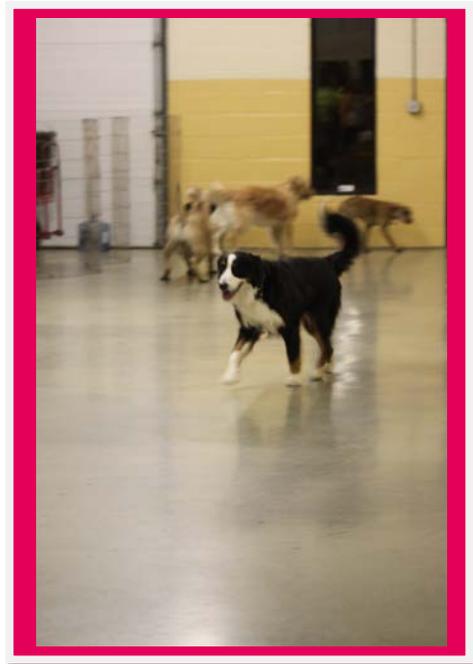

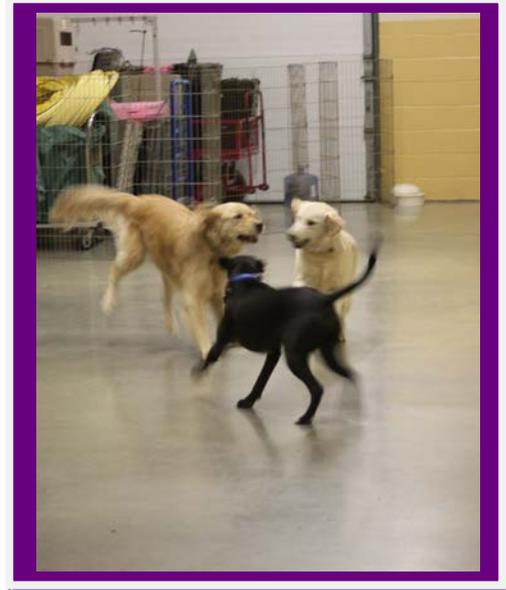

Possible Beginner Obedience class, 6:00-7:00 pm. TBD

Thursdays:

Beginner Agility, 6:00-7:00 pm.

Agility Fun, 7:00-8:00 pm.

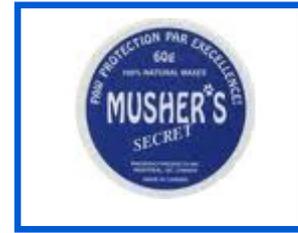

Have you tried our Monday night **Indoor Dog Park** yet? Since December, Donna has been having an indoor play time at D Tails from 6:00-7:00 p.m. on Monday nights. This is a play time supervised by Donna and dog owners. So far, this winter has been pretty brutal, and this is a great, safe way for your dog to run off excess energy in a controlled environment. Indoor Dog Park is only \$6.00/dog. Check out the pictures below. You will notice that many of the dogs are a little blurry. That's because they are having so much fun!

Puppy, It's Cold Outside!

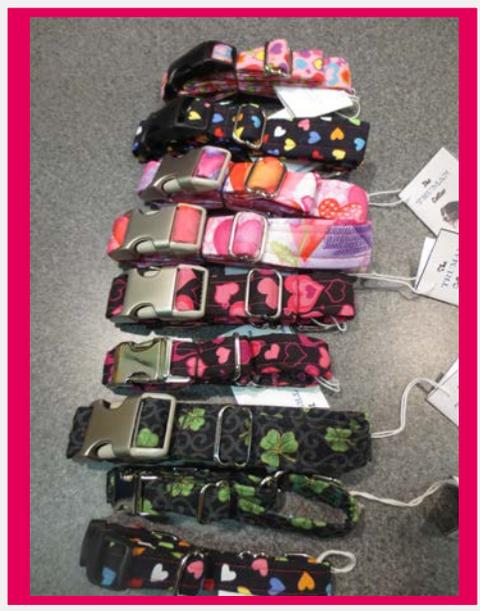

Cold, dry temperatures with ice and snow can wreak havoc on your dogs' paws. Pads can become itchy, flaky, and cracked. Your dog might worsen that irritation by chewing on them. What's the best solution? Booties are great, if you can get your dog to wear them. However, that might take longer than winter! Another solution would be to apply Musher's Secret on your dog's pads before they play in winter weather. The all-natural waxed base product protects the pads from the elements, prevents ice balls, and heals any cracks or rough spots. The wax is absorbed in the pad so there is no mess on your floor. Just remember, you may need to apply a few times a week in winter. It is also best to clean your dogs' paws after walks on any pavement that may have been treated with chemicals. You can use it in summer as well, to protect from hot pavement, sand, sea shells, and more.

We sell Musher's Secret for \$15.00. Come in and try it; your dog's paws will thank you!

Get ready for loads of fun and get your team of 4 together! **D Tails** will be having a **Trivia Night in March**, with proceeds going to **Sergeant Tupper** for his service dog. *Look for more information coming soon!*

Don't forget, we have beautiful Valentine's and St. Patrick's Day Truman collars for sale. \$16.00.

Cay's Corner

Did you hear the good news? Miss Cay is expecting! The vet saw six puppies on the ultrasound, but some could have been hiding! Donna does not know if the puppies are male or female yet. The puppies are expected between the weeks of February 19-26.

We are holding a **contest** to guess the day and time the **first** puppy will be born. We are asking for a \$2.00 donation per guess per grid. The proceeds will go towards **Doggie Fun Zone**, which is a fundraiser for **Sergeant Tupper** and his service dog. You can enter as many times as you would like. The one winner gets to name one of Cay's pups of their choosing. The puppy must be named after a cay (island) in the Caribbean. You can purchase and pick your spot on the grid at D Tails.

Solo, Cay's
puppy daddy!

Please help Tori be someone's furry Valentine this month! Donna has been fostering Tori since December and can't understand why she has not found her forever home. Tori is a Great Pyrenees mix (possibly with Samoyed) and about 10 months old. She is very energetic and will need basic obedience training. She is great with other dogs and cats, and loves people, especially children! She will need to go to a home with visible fencing. Once you meet this sweet girl, you will fall in love with her!

On February 1, we will be putting this info about Tori on our FB page. Please share the post as much as possible so you can to help Tori find a home for Valentine's Day! If you haven't liked us on FB, here is the link:
