### A Message from Donna

It is hard to believe it has been 28 years since D Tails began in my backyard. Over those years, D Tails has evolved from my backyard to a horse arena, an open field, a large space on Center Road, and later, the smaller space we now occupy. D Tails has gone full-circle, and it is time to step out.

Covid hit us hard. It set us back to the days when D Tails first opened on Center Road. With people working from home, there was less of a need to use dog day school. Many people were leery of group training. I was fortunate that a small group of loyal customers stood by D Tails, but we never really came back to anything close to where we were.

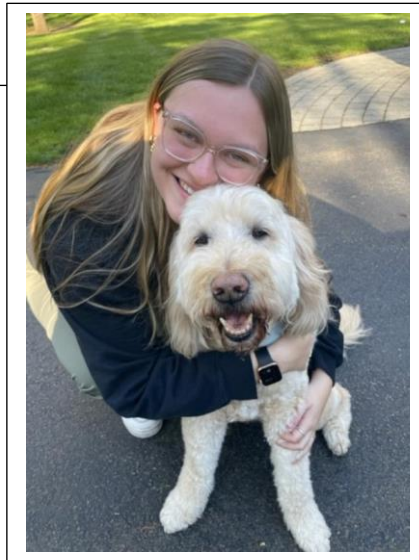

Deciding to close has been an extremely difficult decision for me. I have always loved what I do and cared deeply for everyone I've worked with—dogs and their people. Recently, I have experienced something I never had before while in business. I am no longer excited to go to work. The headaches and heartbreak have killed my spirit. Our last day of business will be Friday, August 18, 2023.

I can't begin to thank the thousands of customers who have shared their pets with me over the years. I could not have done business for as long as I have without your support. I have also been fortunate to have some fantastic staff that have shared my passion for dogs and become family through our shared love of them. I will never be able to thank everyone enough who has been a part of D Tails.

I will miss so much about D Tails: from my regulars at day school to the joy of success from my students in class. I am leaving with so many memories of the daily antics too! I hope to be able to teach somewhere at some level and to spend more time with my own dogs. It's time to enjoy my retirement.

## Meet the Dog of the Month, Ellie Parkhurst

Ellie Claire is an 11 1/2 golden doodle who came to us from a breeder in NY state called Lakeshore Doodles. After many years of thinking about adding a dog to our family, Ellie became our daughter's bestie as well as the love of our lives . She is our first family dog and after classes at DTails , we could not have gotten any luckier. She is a truly the shadow we were told she would always be, loves her people and her DTails friends. The unconditional love from Ellie holds a special place in our hearts and to be blessed with these paws has made our family complete over the years .
